THIS IS UNEVALUATED INFORMATION

50X1-HUM

1. The administrative office for the entire Czechoslovak metallurgical industry (Czechoslovak Foundries, National Corporation, tr. politickych veznu 11, Prague II) has been closed: administration is now decentralized with each plant responsible directly to the Ministry of Foundry Industry and Ore Mines, headed by Jan Bilek.
2. The former general manager of the central administrative office, Dr. Ing. Jaroslav Jicinsky, has been transferred to the Ministry of Foundry Industry and Ore Mines and appointed as the head of the Research and Technical Planning Department. Josef Nevrala, former deputy general manager, has been assigned by the Ministry the task of closing down the central office. Neither Jicinsky nor Nevrala are as yet Communist Party members. Ing. Vaclav Steiner, one of the leading officials, has been appointed as the general manager of the Klement Gottwald Plant of the Vitkovice Iron Works, National Corporation. Josef Janacek, a former clerk in the Commercial Department of the Vitkovice Iron Works, is now the deputy manager and the head of business management at the plant.
